Re: Confirmation of payment and invitation to attend and present

Dear Zhanhong He,

On behalf of the Organizing Committee, I am pleased to inform you that the technical paper, authored by Zhanhong He has been accepted by the Technical Committee after review for technical merits. As part of the publication requirements, it is a mandatory requirement that you attend the Conference to present the paper and discuss your work.

The Conference will be held at The Cultural Foundation from November 8 - 12, 2026. Thank you for submitting a high quality paper to our conference, and we look forward to hearing your presentation.

The goal of ISMIR 2026 is to have good technical work written and presented for discussion in the field.

When it comes to multidisciplinary research on the processing, analysis, indexing, organizing, and retrieval of music-related data, ISMIR is the largest forum for academics, researchers, practitioners, and industry participants in the field of Music Information Retrieval (MIR). Scholars in MIR and related fields will meet to exchange ideas and discuss submitted research papers. Additionally, there will be special sessions to discuss and exchange ideas about unresolved issues in MIR.

We hope to see you there at the 27th anniversary of ISMIR. Should you require any additional information, please feel free to contact us at aheverly@conferencecatalysts.com.

Best Regards,
